Welcome!

Welcome, or beginning of that paragraph as the title

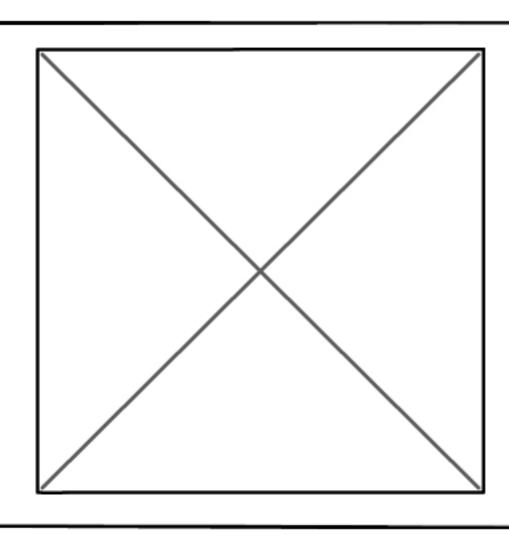

Our Story Our Partners Vegetable Production Floral Production Herb Production Food Safety & Sustainability Photo Gallery

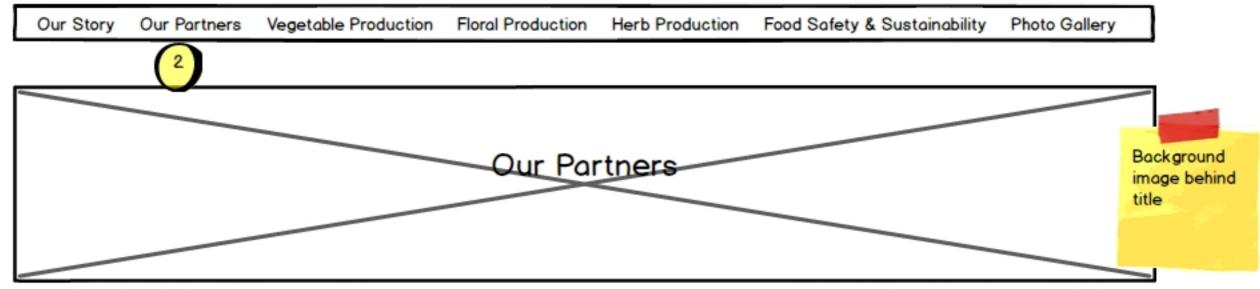

Our Story

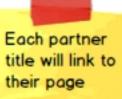

James Desiderio

Eden Valley Growers

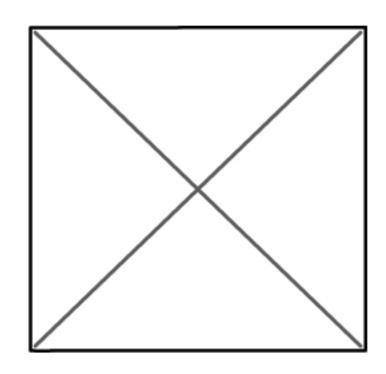

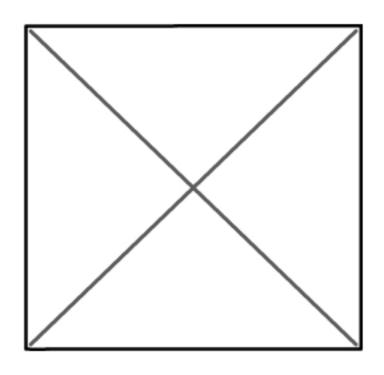

Floral Production Our Story Our Partners Vegetable Production Herb Production Food Safety & Sustainability Photo Gallery Vegetable, Floral, and Herb Production pages will all follow this format

Vegetable Production

Format is not finalized yet. Looking for ways to make these pages more dynamic/ interactive, because they're the flattest ones.

http://www.djbrawdyfarms.com

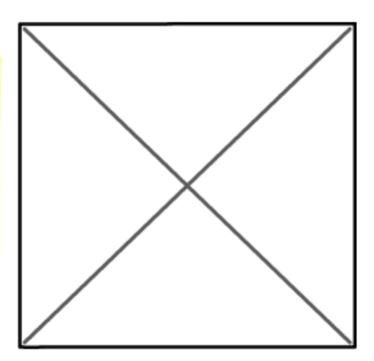

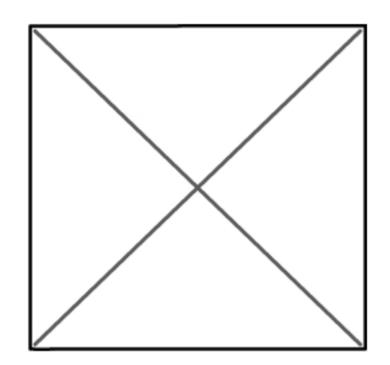

D & J Brawdy Farms

Our Story Our Partners Vegetable Production Floral Production Herb Production Food Safety & Sustainability Photo Gallery

Food Safety

Images will be pdfs of the farm's USDA verifications.... basically verifies that the farm meets USDA acceptance criteria.

Format is not finalized yet.

Looking for ways to makethis page more dynamic/interactive.

Also not sure if these topics will go together... food safety is primarily to show qualitifications, sustainability is more along the CSR mindset.

Sustainability

Still planning out what this might look like with my parents. Talking with them on 12/20 to tighten up some of these, will update accordingly.

Photo Gallery

Will have the photos also in tiles down below, but this will be the primary viewing option... thoughts on that? Is it better to just choose one or the other, I feel like there are pros/cons to both.
